

Greetings Great Rock Variety music lovers!

May ... with what pretty music shall we charm the hours? (Thurlow)

Thank you to all who have sent in messages of support towards our Antenna Relocation project. Please keep them coming in. If you recall from last Issue, we called out for community support after receiving notification that our antenna and all other antennas would need to be removed from its current site on the Water Tower at Margate by May, as the owner, Unitywater, needed to carry out extensive repairs to the site.

The costs of relocating our antenna are considerable (approx. \$115,000) and we are in the process of applying for grants. We have now been approved as a Charity and are in the process of sorting out tax deductions for donations with the ATO.

Ongoing help – if you have not already done so please send through letters or emails of support to the station that we can include and add strength to grant applications. Any other support will also be greatly appreciated.

Please send messages of support to stationmanager@997fm.com.au
