Spotlight on new announcer, Steve Dalton, Tuesdays, 12md – 3pm

Steve says:

"I've always had a love of music, talking to people and most of all radio. It all started when at age 15 I purchased my first set of cd players, turntables, mixing desk and microphone and started DJ and MC work at weddings.

At the same time I attended the radio school during school holidays. At 16 I started hosting my own radio show as a paid announcer on Hyper radio Fm 88 in Aspley.

After 7 years "on air" and with the birth of our daughter fast approaching I decided I needed to get a "real job". I have been working as a landscaper, and now manger of a Northside landscape company for over 20 years. But in this time my love for radio has only grown stronger.

I have always felt a little like something was missing, without being part of a radio team. I now feel complete as part of the 99.7 Bridge fm team. Who wouldn't love playing great rock variety and engaging with the community!"

Well said, Steve and a big welcome to the crew at 99.7 Bridge FM.
